

An impressionistic painting of a city street scene. In the foreground, a river or canal flows, its surface reflecting the sky and buildings, rendered with thick, colorful brushstrokes in shades of blue, purple, yellow, and red. The background shows a cityscape with buildings and a sky filled with vibrant, textured brushstrokes in blue, orange, and yellow. The overall style is expressive and painterly.

- SPONSORSHIP 2025 - Community Service Commitment

Project U First Inc. supports some of the most vulnerable members of our community by providing them with basic hygiene products most of us take for granted. Since our inception in 2014, we have distributed more than 1 million hygiene kits, 300,000 blankets, and 225,000 pairs of socks to homeless shelters, foster homes, and schools in low-income areas. These items are inexpensive, but to a homeless person, or a child living in poverty, they're an important step on the path toward dignity. We've already made a major difference in the Atlanta area, and with your support, we'd like to take our message of hope to the world.
